PROFESSIONAL SUMMARY:

MBA graduate and aspiring Data Analyst with hands-on experience in Excel, SQL, Python, and Power BI through practical analytics projects. Skilled in data analysis, interpretation, and problem-solving, with strong management, communication, planning, and organizational abilities developed through professional teaching experience. Seeking to apply analytical skills to real-world business problems.

TECHNICAL SKILLS:

Analytics & BI: Power BI, Excel, Data Analysis, Data Interpretation, Dashboard Development, Business Insights

Programming & Querying: SQL, Joins, CASE Statements, Window Functions, Python, Pandas, NumPy

Business Skills: Problem Solving, Communication, Management, Planning, Organization, Time Management

PROJECTS:

SQL Capstone - Airline Database | *SQL, Joins, CASE, Window Functions* | SkilloVilla

- Assigned a multi-table airline database (transactions, tickets, flights, airports, schedules) requiring structured analysis to support operational reporting
- Needed to identify tickets missing boarding passes, reformat booking date fields, and rank airports by departing flight volume
- Wrote SQL queries using Joins, CASE statements, and Window Functions across 5 linked tables to extract and transform the required data
- Delivered accurate, actionable query outputs, achieving 80% accuracy on the capstone evaluation

ShopNest Store - Power BI Capstone | *Power BI, DAX* | SkilloVilla

- A Portugal-based e-commerce marketplace needed clearer visibility into sales, delivery, and payment trends across a 9-table dataset
- Required to build a dashboard answering 8 business questions on product performance, delivery timelines, and regional/seasonal sales
- Designed Power BI visuals and DAX measures covering top/bottom-rated products, payment methods, monthly delivery performance, and quarterly revenue trends
- Delivered a fully interactive dashboard with drill-through and cross-report filtering, enabling detailed delivery-delay analysis across all 8 business questions

Python Fundamentals - Capstone Project | *Python, Pandas, NumPy* | SkilloVilla

- Given 3 disconnected datasets (project, employee, seniority level) requiring integration for workforce analysis
- Needed to merge the datasets, handle missing values, and apply conditional logic for bonus and designation updates across 10 assigned tasks
- Used Pandas and NumPy to merge 3 dataframes, computed missing cost values via running averages through iterative loops, split columns, and applied conditional logic for designations and bonuses
- Completed all 10 tasks accurately, achieving 93% on the final capstone evaluation

PhonePe - Payment Variation Analysis | *Excel, Funnel Analysis* | SkilloVilla

- A UPI payment platform showed fluctuations in successful transactions requiring root-cause diagnosis
- Needed to identify days with over 25% variation in transactions versus the prior week and trace the cause across the payment funnel
- Analysed multi-sheet session and traffic-origin data, tracking conversion rates across all 5 funnel stages (traffic, landing page, amount entry, UPI PIN, success)
- Correctly diagnosed the fluctuation causes, achieving 100% accuracy answering all case-study questions

Maven Toys Retail Analysis | *Excel* | SkilloVilla

- A multi-region toy retailer needed insight into profitability and discount trends across an 8-table dataset
- Required to solve 7 business questions on profit %, discount %, and revenue contribution across store types, regions, and time periods
- Built Excel formulas and functions to analyse order-timing patterns, category-level discounts, and regional profitability
- Solved all 7 business questions accurately, achieving 74% on the final assessment

PROFESSIONAL EXPERIENCE:

Science Teacher | *Gurukulam Gyanodaya Vidyapeeth*

Mar 2026 - Aug 2026

- Managed Science instruction for classes 3 to 7, teaching two sections of approximately 30 students each and supporting roughly 60-70 students per grade level.
- Planned and delivered grade-specific lesson plans within defined timelines and coordinated with students and colleagues to support classroom activities.
- Developed strong communication, problem-solving, planning, organizational, and time-management skills in a dynamic multi-grade environment.

EDUCATION & CERTIFICATIONS:

MBA | Lovely Professional University, Jalandhar | CGPA: 6.88

2025

B.Sc. Agriculture (Hons.) | DAV University, Jalandhar | CGPA: 8.40

2020

Class XII (ISC) | Mount Carmel School, Palampur | 68.8%

2015

Class X (ICSE) | Mount Carmel School, Palampur | 79.3%

2013

Data Analyst Certification | SkilloVilla, Powered by NASSCOM
